About me

Proactive and passionate 2D Animator and Digital Artist with 8+ years of experience in digital art and the Adobe Suite. I have a deep appreciation for the fantastical and whimsical, often bringing imaginative creatures and vibrant environments to life. My work is driven by a strong foundation in color theory, draftsmanship, and composition, which I integrate into every project. Constantly honing my craft, I love to take on a challenge and expand on my skillset and ideas.
